Iconic. Classic. Impressive. This West End Greek Revival Colonial is one of those homes that reminds you that a home is a place to celebrate living, and the spaces, details and luxury updates in this home offer an opportunity to do just that. It is truly a home that is a perfect blend of the grandeur of the early 1900's and today's amenities. Upon entry, the custom craftsmanship and attention to detail shows up immediately, from the sunflower leaded glass above the front door to the foyer that features a gorgeous staircase... the stained glass light sets a glow upon the space and woodwork and the pocket doors offer the opportunity to create more intimate spaces. The custom kitchen features coffered ceiling, honed granite countertops, a Jenn Air gas stove, wet bar and an island with plenty of seating. A front to back living room offers built-ins, hardwood floor and fireplace. Second floor has three bedrooms, a spacious master suite with custom tiled bath, laundry and a study with balcony. The third floor is perfect for guests, offering three bedrooms and a full bath, as well as additional living space. The stewardship has been continued through the years, most recently with a new roof, new windows, and updated on demand hot water heater. Living next to White Park and minutes from the newly renovated downtown gives...
