CHARMING OLD STYLE HOME ON 22.838 ACRES IN FRANCESTOWN. Circa 1800 old style home is not currently habitable but does offer replacement windows throughout most, a new roof and a new drilled well. Outside there is a over-sized wood structure that offers a place for storage or maybe a work shop and there is also an old-time privy! The lot has recently been cleared and calming sounds of the Piscataquog River, which runs along the back property line, are distinct and soothing. This would be a great place for a farm!
