4 Bedrooms . 1 Bathroom . 3,056 Sqft

This beautiful OPEN CONCEPT expansive living space. Great floor plan open dining/family/kitchen with archways and columns. Absolutely beautiful. Are you looking for privacy, this home will offer you a long paved driveway to your own private oasis!! First floor has gleaming hardwood floors. First floor laundry. Enter thru the garage (garage will be a side entry not front entry) into the mudroom before you go upstairs. Very spacious floor plan with 9' ceilings on first floor and central A/C. Time to customize your kitchen selections, colors, etc... This sought after builder is great to work with to customize your new home!
