Back on the market due to Buyer's cold feet. Well maintained two bedroom Ranch with nothing left to do but move in! The house features vinyl siding, windows, an architectural shingle roof and a fully fenced rear yard. The deck was recently resurfaced and there's even a shed and small fire pit in the back yard. The interior was recently painted and new vinyl plank flooring has been installed in the living room and kitchen area. Brand new carpeting in one bedroom and laminate in the other. The appliances are newer with the stove being only a few months old. New ceiling fans/lighting have been installed. If you need more room, the basement is fully finished, heated and has a separate entrance. The hot water tank is only 4 months old! Stay cool in the summer with central A/C. Natural gas heat and hot water keep your utility bills low. This is the one you've been waiting for!
