Step into the beautiful living room, where your eye is immediately drawn to the corner fireplace, a cozy spot to stay warm during chilly nights. Hardwood floors glow under the sunlight filtering in from huge double-sliders, which lead to a spacious outdoor deck. The rest of the first floor offers flexible living options with a bedroom, full bath, laundry, and mudroom. Continue upstairs to the second floor, boasting dramatic vaulted ceilings throughout. Retreat to the Master Suite, featuring abundant natural light, extra spacious bathroom and vanity, and plenty of closet space.
