3 Bedrooms . 1 Bathroom . 1,728 Sqft

Incredible 3-4 bedroom 3 bath tri-level contemporary North Country retreat. This completely updated home boasts hardwood flooring throughout each of its three beautifully appointed levels. The open concept kitchen is perfectly set up for entertaining both outside on the over-sized deck or cozy up to the wood stove after a day of adventure in the picturesque surrounds. The chef of your family will be at home in this kitchen with its generously sized solid surface counter tops, newer appliances and open layout. The second level living room with attached deck affords you amazing views of your surroundings. In addition this level has a bedroom with its own bathroom. Just steps away the third level master bedroom suite awaits you complete with a spa like bathroom and soaking tub to rest after you have had a day of exploring the many area attractions in the beautiful part of the state. You can also choose to relax in the reading nook located just outside the master entrance or you can utilize the attached den. The third level also lends itself for a teen space where any teen would be envious of the layout for hanging out. This custom home has a level and amenity for any family and is thoughtfully designed in its layout. Each level has a bedroom and a bathroom. Located just minutes from both...
