Sunsets and river views make this 4.37 Acres a superb location for an all quality new home. This down-sized ranch offers a fabulous open-concept kitchen/dining/great room with vaulted ceiling and fireplace. There are lots of reasonably priced options you can add or keep this most affordable price. Consider different finish details, a rear deck or patio, but know that builder will customize or consider your own plan. Laundry is on the first floor, there's a nifty pantry in the kitchen, a walk-in closet and private bath for the master bedroom. The Village area of Belmont boasts historic homes and is in close proximity to Belmont High School, yet the acreage is rolling, open fields and woods along the Tioga River. Lot is available without improvement at MLS #4464336.
